

GPP MINOR DIRECTED ELECTIVE 1: GLOBAL & AREA STUDIES

Spring 2014 Approved Course List

The intent of this directed elective is to train students in the geographical context in which poverty and poverty action must be understood. Known as 'area studies,' such a framework encourages students to select a world-region/country in which they may wish to gain deep knowledge. An Area Studies elective must have a geographical connection to the location of a students' practice experience. For students more interested in transnational and global processes, the 'global studies' category provides an analysis of global assemblages, flows, and disjunctures.

Students may petition to count a course which is not on the approved list as their elective by submitting a [Course Substitution Form](#) to the GPP Advising Office.

GPP MINOR DIRECTED ELECTIVE 2: SECTORS & METHODS

Spring 2014 Approved Course List

The intent of this directed elective is to train students in the specific issues and skills that are associated with different domains of poverty analysis and poverty alleviation. Such knowledge is an integral component of both the theoretical understanding of poverty and of the ability to act in the domain of international development. Here 'practice' is not simply the field experience but rather an analytical capacity to grapple with complex global problems in innovative ways.

Students may petition to count a course which is not on the approved list as their elective by submitting a [Course Substitution Form](#) to the GPP Advising Office.
