

Application for Admission to be an InFEWS Fellow

Eligibility:

The Innovation at the nexus of Food, Energy, and Water Systems (InFEWS) Fellows Program is open to all UC Berkeley PhD and MS students in good standing in any field, with a focus on engineering, physical sciences, natural sciences, social sciences, business, education, I-School, or public health. Interested students are encouraged to apply early in their degree to most benefit from being a part of the InFEWS Fellows community. All Fellows will be eligible for special events, workshops, professional development, internship travel funds, and other InFEWS program elements. More info: InFEWS.Berkeley.edu

PhD students who are also interested in the Development Engineering (DevEng) Designated Emphasis (DE), please check the box below. More info at deveng.berkeley.edu. InFEWS is a part of the larger Development Engineering program, but it is not a requirement that InFEWS Fellows also enroll in the DevEng DE.

Funding eligibility: DE enrollment is required for InFEWS Fellows seeking funding. Funded Fellows must be US citizens or permanent residents, per NSF guidelines.

Application Process:

Before applying, interested students are required to arrange a consultation meeting with one of the InFEWS Faculty Academic Advisors (core InFEWS faculty, [see faculty list here](#)).

Application Packet Requirements

1. This cover form, completed.
2. Letter of intent summarizing research interests and any educational or employment background in issues related to development economics or development engineering, and how you intend to focus your research at the nexus of food, water, and energy. (500 word limit).
3. Current UC Berkeley students should provide a letter of recommendation from a member of the InFEWS faculty academic group or their graduate research advisor in their home department. Students applying to UC Berkeley for admissions should work with their application department's admissions office to see if they are eligible and obtain departmental approval to apply.
4. Students who are interested in applying for Fellows funding must also include this intention (check box below) and supply information on current financial aid.
5. If also applying to DevEng DE (check box below), please supply a list of courses you expect to use to satisfy the elective requirement.

Please send an electronic version of your application packet, as a single PDF attachment, with all required materials to these individuals: Shelley Okimoto (okimoto@ce.berkeley.edu), the InFEWS Faculty Advisor who advised you prior to this application, the Development Engineering Chair (Alice Agogino, agogino@berkeley.edu), and the InFEWS Program Coordinator (Yael Perez, pyael@berkeley.edu), with the subject line: "Application to be an InFEWS Fellow with DevEng DE" or "Application to be an InFEWS Fellow, no DevEng DE" as appropriate

Applicant Info (fill in all relevant fields):

Name: _____ Email: _____
Home Department: _____ Phone: _____
Faculty Advisor: _____ Student ID: _____
Expected Date of Qualifying Exam (for PhD students only): _____
Expected Date of Degree Completion: _____

- ☐ I am interested in the Development Engineering Designated Emphasis
☐ I am interested in InFEWS Fellow Funding (PhD students only who have also applied to DevEng DE)

Signature of Applicant: _____ Date: _____
