

GPP MINOR DIRECTED ELECTIVE 1: GLOBAL & AREA STUDIES

Fall 2014 Approved Course List

The intent of this directed elective is to train students in the geographical context in which poverty and poverty action must be understood. Known as 'Area Studies,' such a framework encourages students to select a world-region/country in which they may wish to gain deep knowledge. An Area Studies elective must have a geographical connection to the location of a students' practice experience. For students more interested in transnational and global processes, the 'Global Studies' category provides an analysis of global assemblages, flows, and disjunctures.

Students may petition to count a course which is not on the approved list as their elective by submitting a [Course Substitution Form](#) to the GPP Advising Office.
