

## **GPP MINOR DIRECTED ELECTIVE 1: GLOBAL & AREA STUDIES**

### **Fall 2015 Approved Course List**

The intent of this directed elective is to train students in the geographical context in which poverty and poverty action must be understood. Known as 'Area Studies,' such a framework encourages students to select a world-region/country in which they may wish to gain deep knowledge. An Area Studies elective must have a geographical connection to the location of a students' practice experience. For students more interested in transnational and global processes, the 'Global Studies' category provides an analysis of global assemblages, flows, and disjunctures.

Students may petition to count a course which is not on the approved list as their elective by submitting a [Course Substitution Form](#) to the GPP Advising Office.
